MEMORANDUM FOR: All NIOs

SUBJECT : FOCUS Program

25X1

Attached is a self-explanatory note from [] of the Human Sources Committee. Your attention is called to paragraph 2 in which, once again, the services of the HSC are offered to the NIOs to assist in any of the mechanics of the FOCUS process. As you know, General Wilson is serious about providing "secretariat" support to us in virtually any manner we desire. Utilization of the offered services should ensure that the problem raised in paragraph 4 will be a non-problem for the future.
